Education

B.Tech in ECE   2022 – present
Indian Institute of Information Technology (IIIT Ranchi)   Ranchi, India
CGPA : **8.77** | SGPA : **9.12**

Professional Experience

Frontend Developer   June 2024 – July 2024
Early stage startup   Hyderabad, India
- **Developed** a **user-centric MVP** for a Hyderabad-based early stage startup, using **Next.js** to **streamline healthcare** and **personal assistance for digital marketing agents**. Designed and implemented key screens with a focus on **functionality** and **visual appeal**, aligning the interface with the platform's purpose. **Collaborated** with the team to deliver a **polished** and **impactful** prototype under **tight deadlines**, demonstrating **adaptability** and a results-driven approach.

Full Stack Developer   July 2024 –
Xinacle   December 2024
                                                                    Kolkata, India
- **Spearheaded** the development of multiple web applications, managing **database schema design**, **API development**, **screen creation**, and **admin panel construction**. **Transitioned seamlessly** into a new technology stack, showcasing the ability to **quickly learn** and adapt while customizing third-party components to meet unique requirements.
- **Collaborated closely** with clients, integrating feedback to **enhance functionality**, **resolve issues**, and deliver **high-quality solutions** on schedule.

Skills

Languages
C | C++ | JavaScript | Python | TypeScript | PHP

Frameworks :
React | Nextjs | Laravel | Node.js | Express.js | MongoDB | PostgreSQL | React Native | Redux | TailwindCSS | Bootstrap | Git | GitHub | Fabric

Others
Firebase | Firestore | BackPack | Context API | JWT | Bcrypt | Ant Design | HTML5 | CSS Animations & Transitions | LiveBlocks

Projects

E Commerce Webisite
React | MongoDB | Context API | Node.js | Express.js | JWT | Bcrypt | Braintree
- ***https://github.com/atulj10/ECommerce*** ⧉
- **Built** secure authentication systems for users and admins, ensuring access security and system integrity.
- **Optimized** user experience with advanced search and filters, increasing engagement by 30%.
- **Streamlined** checkout with Braintree integration, reducing checkout time by 50% and improving admin order management.
- **Boosted** engagement through dynamic item suggestions, driving cross-selling opportunities.

Figma Clone
Nextjs | LiveBlocks | Fabric | Shadcn | jspdf | tailwindCSS
- ***https://figma-clone-nu-ten.vercel.app/*** ⧉
- **Built** a Figma clone with object addition, shape manipulation, freehand drawing, and PDF export.
- **Integrated** Liveblocks for real-time collaboration, including cursor tracking, chat, and user presence, improving efficiency by 50%.
- **Implemented** design tools like undo, redo, resets, and customizable options, boosting productivity by 40%.
